

TVLGA-18 EXECUTIVE BOARD MEETING

SEPTEMBER 15, 2020

PRESENT: Laura Imboden, Ann Silvis, Patti Furrier, Emily Koepp, Carol Gouty, Sarah Havens, and Jeff Harrington

CLOSING DAY SCRAMBLE

October 13, 2020 is our closing day scramble at Tanasi with a shot gun start. The lunch will be served in the Pavilion at Toqua. Attendees may choose from three items and pay \$14 in advance. Checks are preferred and may be given to Sarah or Laura from now until we play Kahite in a couple weeks. Jeff will then take over receiving signups and checks.

Prizes for the year will be given at the closing luncheon. Cash is being considered for most all awards as the original idea of crystal proved to be too costly. Carol will look into possibly having embroidered towels for the club championship winners as well as cash. Awards will be given for League Championship and flights, Pin Day, Birdies, and Most Improved Golfer. Ringer champions will be awarded as well.

WILLIAMS CREEK PLAY DAY

Jeff will call the WEE course and set up our play day on October 20th.

BY-LAWS

Laura proposed that we look at our By-Laws (Article V – League Qualifications, Section 3) stating a player's qualifications to be able to play in the League Championship. After a discussion took place, Carol made a motion:

I so move that we change the By-Laws to state that a player can participate in the League Championship as long as she has participated in the league prior to the Championship game and has an established handicap from the tees she will compete from.

The motion was seconded by Sarah. The motion carried.

After more discussion, it was unanimously agreed to amend the motion to state:

To compete in the League Championship Tournament, a player must have posted 4 scores for 18 holes of League play and must have an established handicap from the tees she will compete from. Members representing the TVLGA-18 in interclub competition, where the date coincides with league play, shall receive credit for a play day. For each day that League play is cancelled, where the member had signed up to play, 1 of the 4 score requirements will be deducted to qualification.

This By-Law change will need to be presented to the membership and voted on by the membership.

PROCEDURAL CHANGE

Laura brought it to our attention that we might want to reword what happens during the League Championship event if 18 holes cannot be played due to inclement weather. A discussion followed with

Jeff suggesting that we use the wording that is used on a “hard card” or rule sheet for PGA tournaments. The wording would be on a player’s rule sheet before the tournament began. It would state that the Tournament Committee reserves the right to postpone, delay or shorten the event due to circumstances not under their control. Jeff agreed to send Emily a more exact wording via email. In general the Board agreed and can vote to make this change. This does not have to go before the membership.

MISCELLANEOUS

Ann asked the Board to give input on re-establishing a Social Committee for next year. She suggested that we hold the Member-At-Large responsible for publicity and advertising as is already in that job description. As a group, we discussed having added the Web Master as a non-voting member to the Board at a previous meeting and how this will be Sarah’s dual role next year. There was also general discussion about bringing back the Welcome Coffee.

This will be the last meeting for this Board and Laura expressed thanks for all those who served this year.

The meeting was adjourned at 2:30 pm.

Respectfully submitted,

Emily Koepp
TVLGA-18 Secretary
